## *Menopause The Musical 2, Cruising Through 'The Change'*

**February 6, 2025**

All aboard, sisters! The hysterical sequel to the smash-hit *Menopause The Musical*® is finally close enough to us that we must go see it! I took a group to the original show back in 2009. I laughed so hard my ribs were sore the next day. Who knew things that are a part of a woman's aging process could be so funny? The original was set in a department store, where four women with seemingly nothing in common met by chance. The musical pokes fun at things such as hot flashes, memory loss, mood swings, wrinkles, night sweats and eating binges. The show's intended message was that menopause is a passage, and we all are a part of the sisterhood.

*Menopause, The Musical 2, Cruising Through 'The Change'* takes place five years after their chance encounter in a department store. They set sail for more high jinks on the high seas. Let's join them on a trip of self-discovery backed by a new soundtrack of toe-tapping parodied hits from the 70s, 80s and 90s. Sharing time with these four, we will see that amidst life's struggles, with friends, we can find joy and laughter.

Ladies, join us and invite your girlfriends, too, for this night of hilarious entertainment set to tunes we all know.

(Just a little side note, there will be mature content and language.)
